

**Published Indirect Cost Rate
for Sub-Grant Recipients Applying to
Healing Works
Fiscally sponsored by Global Impact**

Effective April 1, 2024

Healing Works, a fiscally sponsored project of Global Impact, requires organizations that receive a sub-grant adhere to a maximum **Indirect Cost Rate of 8% of total expenditures**.

Direct costs are expenses an organization can identify specifically with a project or activity funded by the sub-grant. These may include, but are not limited to:

- Personnel
- Travel
- Equipment
- Supplies directly supporting or benefiting the grant-supported project or activity.

Most organizations also incur costs for common or joint objectives that cannot be readily identified with an individual project or program. These are referred to as **Indirect costs**. Examples include:

- Facilities operation and maintenance costs
- Depreciation
- Administrative expenses

The organization is responsible for the management and accounting of **Indirect costs** and must not include costs associated with its Indirect Cost Rate as **Direct costs**.
